

Report Dead Birds

Stop the Spread of West Nile Virus in Los Angeles County

What types of dead birds should I report?

Crows and Ravens

Owls

Hawks

Falcons

Jays

Group of 3
or more dead
birds of any
species

Report Dead Birds to:

Los Angeles County Veterinary Public Health (213) 989-7060
California Dead Bird Hotline (877) 968-2473

*Please call the hotline above immediately to pick-up dead birds. In order to test for West Nile Virus, bird carcasses must be fresh (i.e., dead less than 24 hours). **Never** handle a dead bird with bare hands – use gloves, shovel or intact waterproof bag. Place dead bird(s) in a bag and leave in an area that will not be disturbed by other people or animals for pick-up.*
