*The estimate is statistically unstable (relative standard error > 25%) and therefore may not be appropriate to use for planning or policy purposes.

¹ Respondents who answered positively to at least one of the following 2 questions were counted toward the indicator:
"Before your most recent pregnancy did you ever have: 1. stillbirth, 2. miscarriage".

² Question asked: Thinking back to just before you got pregnant with your new baby, how did you feel about becoming pregnant? Respondents who answered, 'I wanted to be pregnant later' or 'I didn't want to be pregnant then or any time in the future' were coded as 'Unwanted or mistimed.'
