“Improving Health with Today’s Technology”

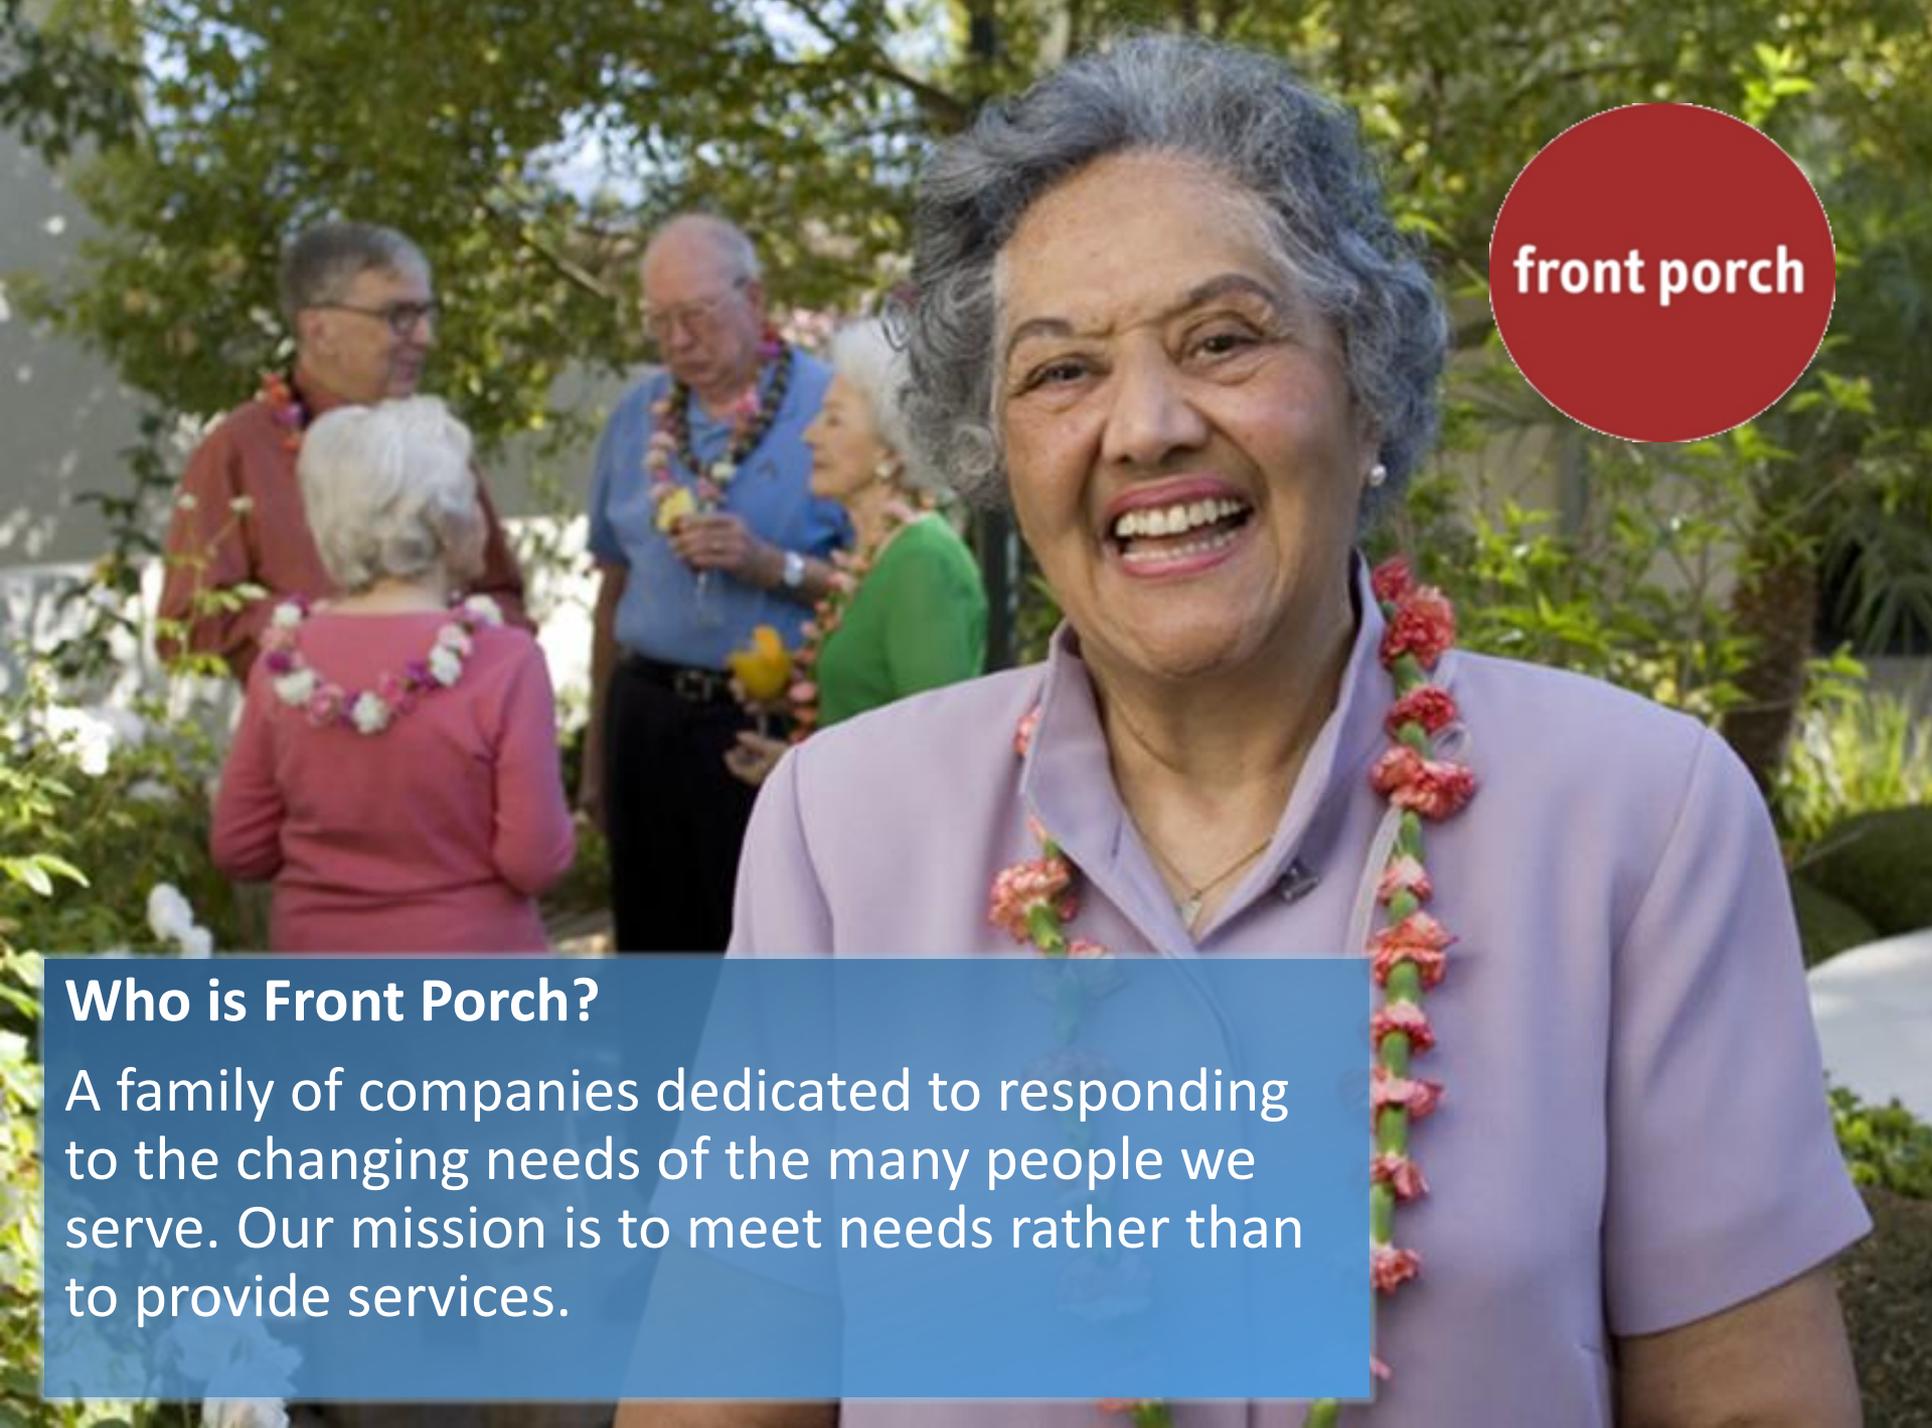

LAACHA Health+Wellness: Opportunities for
Innovation and Engagement
3 February 2016

Disclosure Statement

I have no relevant financial interest/arrangement or affiliation with any organizations related to commercial products or services to be discussed in this presentation.

CENTER FOR INNOVATION
AND WELLBEING

A group of people are gathered outdoors, possibly at a community event or a social gathering. In the foreground, a woman with short, curly grey hair is smiling broadly, wearing a light purple short-sleeved shirt and a lei made of red and white flowers. In the background, several other people are visible, including a man in a blue shirt and a woman in a green shirt, all wearing leis. The setting is outdoors with green foliage and trees in the background.

front porch

Who is Front Porch?

A family of companies dedicated to responding to the changing needs of the many people we serve. Our mission is to meet needs rather than to provide services.

Our Mission:

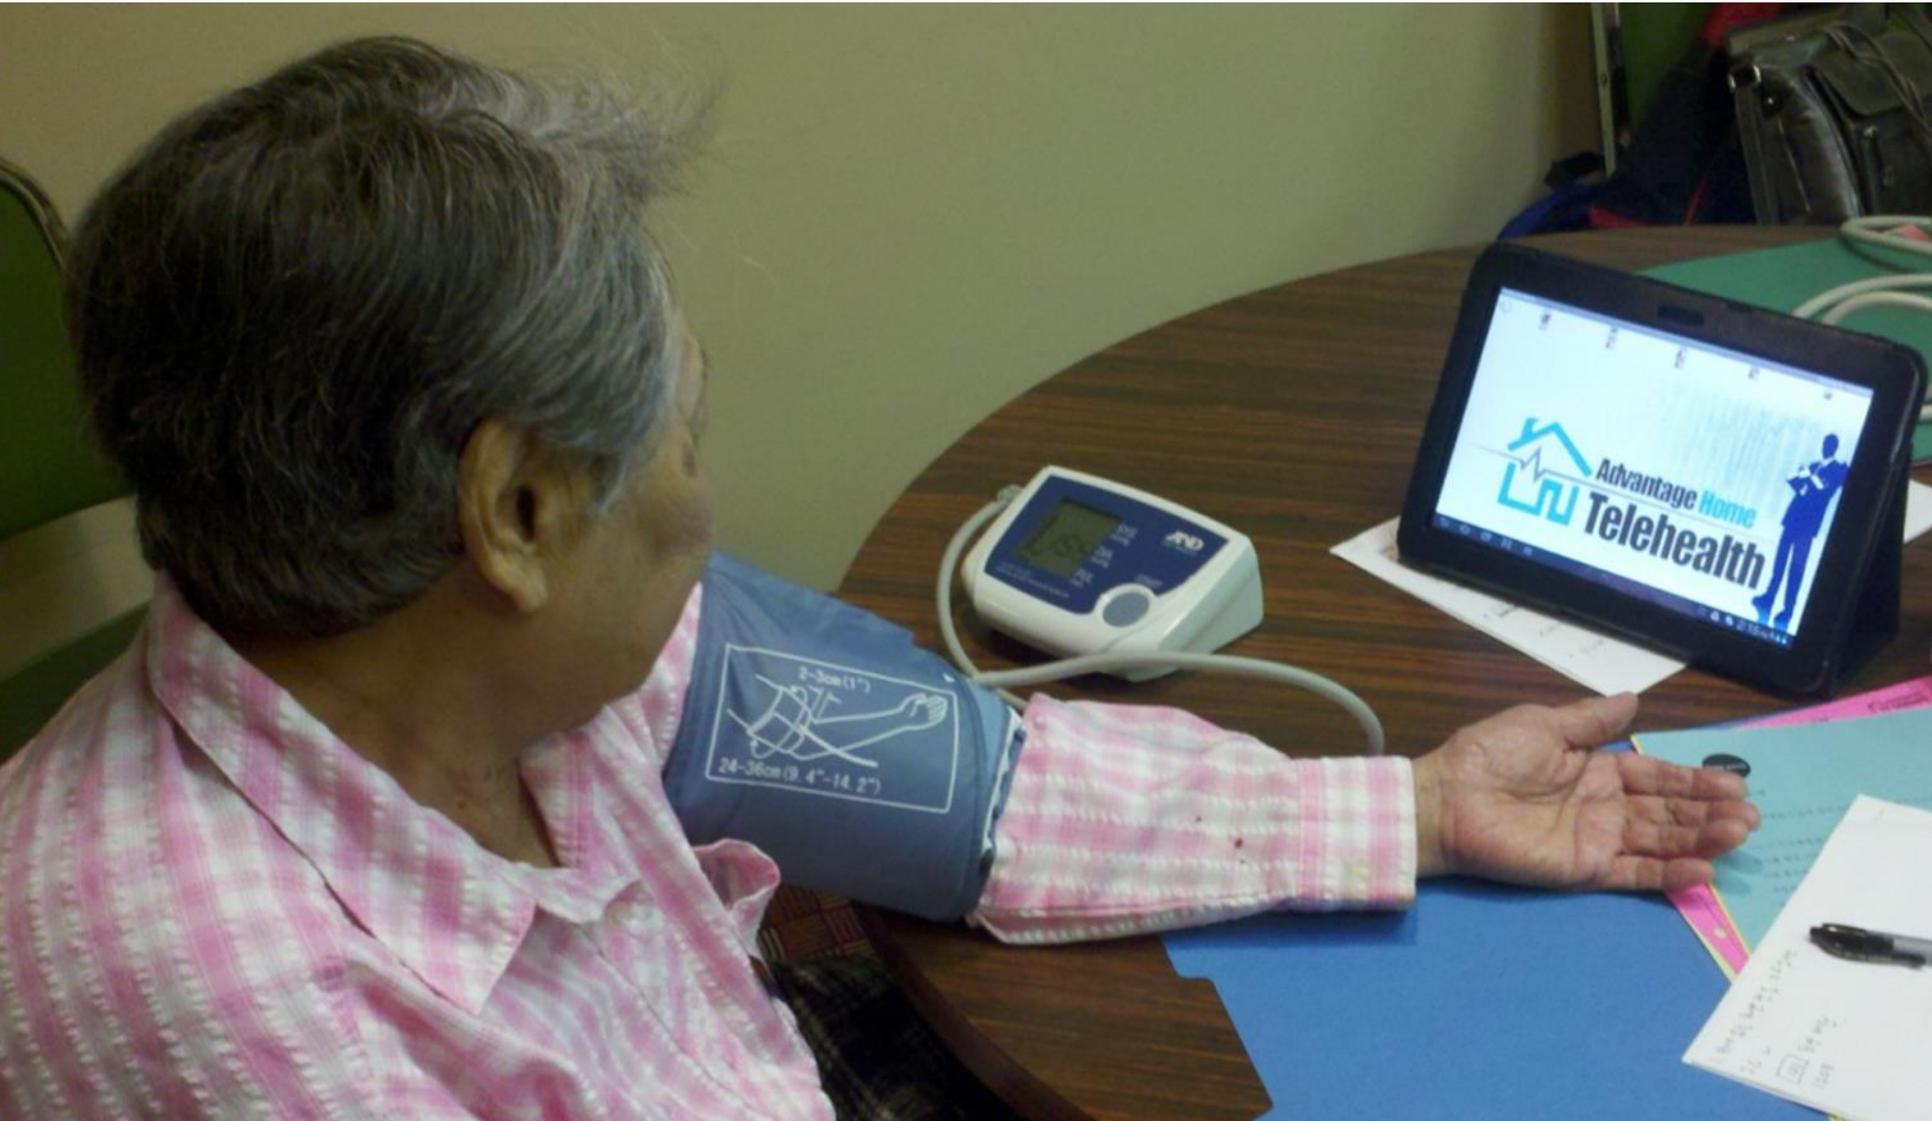

Exploring innovative uses of technology to empower individuals to live well, especially in their later years.
