

Five Capacity Building Categories

1. Workforce Development

Allowable Activities under Workforce Development include:

- **Training:** Formal instruction meant to increase the knowledge or skill of an individual with the goal to increase their ability to delivery services or execute their functions.
- **Education:** Classroom-like instruction towards a certification, license or degree meant to increase the capacity or quality of care of the provider staff (e.g. continuing education classes, language interpreter proficiency, etc.).
- Any other activity with the goal of increasing SUD treatment provider staff capacity and as approved by SAPC.

Open minds	Various	In-Person and Virtual	Clinical Directors, Executive Staff, Finance, Business Operations, QA/QI	Finance, Operations, Leadership Development	www.openminds.com

3. Equipment Acquisition

Allowable activities under Equipment Acquisition include:

1. Business Machines/Software
Ex. Computers, printers, scanners, software, or supplemental equipment such as signature pads or headsets.
2. Treatment Delivery
Ex. Telehealth/Telephonic related equipment/software, Audio/Visual equipment, Furniture for group meetings, etc.
3. Any other equipment acquisition activity with the goal of allowing the SUD treatment provider to deliver services in a more efficient and effective way and as approved by SAPC.

*Equipment or software that is purchased under this category becomes the property of the provider. The provider is solely responsible for the maintenance and replacement of such equipment.

Equipment Acquisition			
Equipment	Type	Contact	Website
Orbit Health Telepsychiatry	Telepsychiatry Services	Edward Kaftarian, MD edward@orbithealth.com	www.orbithealth.com

4. Infrastructure Upgrades

Allowable activities under the Infrastructure Upgrade category include:

- Disability Access Improvements: Improvements to facility that improve access and delivery of services to those with disabilities (e.g. ramp, room reconfiguration, bathrooms, installation of visual or sound equipment, etc.).
- Increase Capacity: Light repairs or minor renovations which result in added, increased, or improved use of rooms or office space to conduct SUD treatment related activities.
- Any other infrastructure upgrade activity with the goal of increasing the capacity of the structure where contracted SUD related activities occur.

ADA Compliance Professionals, Inc.	Disability Access Improvements	Phone: 626-486-2201	www.adacompliancepros.com/

5. Regulatory Compliance

Allowable activities under Regulatory Compliance include:

- American with Disabilities Act: Ensures compliance with the ADA or improves deliver services (e.g. visual magnification devices, hearing magnification, modifications to curricula or reading materials, etc.). Does not include structural improvements.
- Policy and Procedures Development: Ensures that P & P are in alignment with requirements (e.g. timely access to care, CLAS, non-discrimination, etc.)
- Workflow Enhancement: Supports provider’s ability to meet state and federal requirements (e.g. intake workflows, reducing time from intake to treatment services, increasing availability of slots or beds, development of monolingual non-English groups, etc.).
- Trainings: Ensures critical understanding of requirements, regulations under DMC ODS of staff, Board of Directors, and advisory boards.
- Any other activity approved by SAPC with the goal of increasing the SUD treatment provider’s compliance with all relevant County, State, or Federal guidelines, regulations or policy.

*Consultants may be secured to assist in activities under regulatory compliance.
