

# SAGE UPDATES

Los Angeles County Department of Public Health  
Substance Abuse Prevention & Control

All Provider Meeting September 10, 2024

Document Routing and Appending

Exciting Updates Coming Soon

# Document Routing & Appending Documentation

# Document Routing Updates

Enables forms to be routed for supervisor approval.

All forms enabled for Doc Routing are also enabled for Appending.

- **Discharge and Transfer Form**
- **Drug Testing**
- **Patient Medications**
- **Problem List/Treatment Plan**
- **Progress Note**
- **Recovery Bridge Housing Discharge**
- **Referral Connections**
- **Service Connections Log**
- **Youth and Young Adult Screener**

Progress Notes Status Report and Documents Requiring Co-Signature Reports/Widgets will be updated with document routing for implementation.

Updated job aid and recorded training will be posted to the SAPC website for implementation.

## Progress Note Status Report

- Updated to include:
  - Document routing status for pending and finalized documents.
  - Finalized date of Finalizer signature for signed documents.

## Documents Requiring Co- Signature

- Updated to include forms that have been finalized by the author but are pending signature from Supervisor/Approver via document routing.
  - Authors can finalize the document and route for signature, but the document status remains pending until all approvers accept and sign.
  - Ready for Review check box is not required to route the document for signature.
  - The report will continue to show documents where Ready for Review is checked and the document is left in draft.

Author can view, read and double check the note prior to finalizing and routing.

Immediately notifies the user(s) routed for signature via pop-up message if logged into Sage or next time user logs in.

Instantly populates to the user(s) My To Do's widget under the "Documents to Sign" column.

Supervisor/Approver can view the full note/form, accept/reject and sign or comment from the My To Do's widget for all notes and forms sent to that user for signature.

SAPC recommends **ONLY** using the Supervisor name field and sending to **ONLY** one user when routing unless form needs multiple approvers  
Form will remain pending until ALL approvers have accepted and signed.

Each Supervisor/Approver **MUST ACCEPT and SIGN** the document for it to be final.

- Forms that are 'signed' without accepting will remain pending on the widget and in the system.

# What is the Append Function?

Allows original author and supervisors to add official entries to the medical record without editing/modifying the original note in free text format.

Only available on forms that have been Document Routing enabled.

Forms include: Discharge and Transfer form, Drug Testing, Patient Medications, Problem List/Treatment Plan, Progress Note, Recovery Bridge Housing Discharge, Referral Connections, Service Connections Log, Youth and Young Adult Screener

Appending does not edit the original document

- Appending allows the user to update the content of clinical documentation easily without the need for a helpdesk ticket.
- The original document remains intact and finalized.
- The appended comments will display on the All Doc/Chart view in PCNX and the Client Dashboard widgets connected to a Console Widget Viewer.

Appended data does not populate to any reports that display the appended forms.

- If fields on the form need to be corrected that populate to reports and/or impact billing, a medical record modification request should still be submitted to the helpdesk.
  - e.g. Progress Note Status report used for billing will not reflect any information in the appended note section.
  - Fields not related to billing or reporting needs, could be updated by appending the note.

**The appended note will be added to the bottom of the document and part of the official record.**

---

Date Appended: 04/10/2024 at 1147 PDT  
Form Name: Progress Note  
Client's Name: TEST,QIUM (000159908)  
Client's DOB: 10/21/2005

COUNTY OF LOS ANGELES SAPC  
1000 S FREMONT AVE  
Alhambra, CA 91803

Testing append function.

-----ADDITIONAL NOTE-----

Electronically Signed by: GREG SAPC SCHWARZ Psy.D (Lic. Psychologist) on 04/10/2024 at 1147 PDT Appended Author

Correcting or adding  
info to the content or  
narrative of clinical  
documents

Correcting errors to  
fields that are not  
used for billing

Number of members  
in a group corrections  
(as this no longer  
required on a claim)

# Coming Soon to Sage

New fields will be added to the Real Time Inquiry 270 Request form to display the 271 results directly on the form.

These new fields include:

- **County of Responsibility Code**
- **Primary AID Code**
- **Secondary AID Code**
- **Gender- from the 271 results, not data from Sage forms**
- **Date of Birth- from the 271 results, not data from Sage forms**
- **OHC Plan Name**
- **Eligibility or Benefit Information**
- **Service Type**
- **Insurance Type**
- **Share of Cost**

271 transactions do not include county of residence as defined by the X12 standard and are not transmitted from DHCS.

Once SAPC validates the added functionality, SAPC will release the updates with updated job aids to the website.

**From Date**  
[Date Field] T Y

**Through Date**  
[Date Field] T Y

Select Rendered Service (SOC) [Field] SOC Amount [Field]

Process Request [Field] Billed Amount [Field]

Post Inquiry [Field]

**271 Eligibility Benefit Response Data**

County Code:  
Gender: M  
Date Of Birth: 1983-01-01  
Primary Aid Code:

Eligibility or Benefit Information 1: Inactive (6)  
Service Type: Health Benefit Plan Coverage  
Insurance Type: Medicaid

**Date of Birth: 1970-08-08**  
**Gender: F**  
**County Code: 19**  
**Primary Aid Code: 60**  
**Secondary Aid Code: 70**

**Eligibility or Benefit Information Code: Active Coverage (1)**  
**Service Type: Mental Health (MH)**  
**Insurance Type: Medicaid (MC)**

**Service Type: Mental Health (MH)**  
**Insurance Type: Medicaid (MC)**  
**Benefit Amount: 100**

**Eligibility or Benefit Information Code: Other or Additional Payor (R)**  
**Service Type: Mental Health (MH)**  
**Insurance Type: Medicare Part A (MA)**  
**OHC Plan Name: Humana Medicare Advantage**

Replacement claim functionality is being validated by SAPC to be added to PCNX, which will allow Primary Sage Users to replace claims.

- This will reduce similar claims and duplicate rows on various reports when utilized accordingly.
- SAPC Finance is validating and creating various resources to aid in the implementation of this added functionality.

## Void Claim Assignment: Performing Provider option

- At the request of many of our providers, the Performing Provider is being added to the Void Claim Assignment form to assist in filtering out similar claims to be voided.

# Timelines for New Features Implementation

Document Routing and  
Append Features  
*Anticipated Oct 2024*

Void Claim Assignment  
Update and  
Replacement Claim  
Assignment Function  
*Anticipated before  
December 2024*

Real Time Inquiry 270  
Request Updates  
*Anticipated Oct 2024*

# CST Training Highlights

Name of Training	Date & Time	Link to flyer for registration
