Topic	Discussion/Finding
1. Call to Order & Introduction of Commissioners and Guests	<p>Chair Tonya McKenzie, County of Los Angeles, the Commission on Alcohol and Other Drugs convened the meeting at 12:38 P.M.</p> <p>Chair Tonya McKenzie asked for self-introductions from all Commissioners and guests.</p> <p>Quorum present.</p>
2. Public Comments	No Public Comment
3. Report from SAPC	<p>Dr. Gary Tsai, Bureau Director of SAPC presented on:</p> <ul style="list-style-type: none">• The Los Angeles County Department of Public Health's Bureau of Substance Abuse Prevention and Control (DPH-SAPC) launched its Substance Abuse Service Helpline (SASH) in July 2017.• Key SASH metrics include:<ul style="list-style-type: none">• Call Volume: Number of All Calls Received<ul style="list-style-type: none">• The Number of inbound calls queued to be answered by an agent.• Key Takeaway: The number of SUD calls into the SASH has increased year-by-year.• Connection Rate: Percent of SASH Calls Screened & Connected to Care Among All Calls Received.<ul style="list-style-type: none">• The connection rate refers to the percentage of calls that were screened and successfully connected out of all calls answered or handled. DPH-SAPC's target connection rate is greater than 30%.• Key Takeaway: There is room for demand-side improvement for SUD connection rates-many callers aren't yet ready for treatment and are simply calling for info.• Abandonment Rate: Percent of SASH Calls Missed Among All Calls Received.<ul style="list-style-type: none">• The abandonment rate is defined as the total number of calls that were not answered divided by the total number of calls received. DPH-SAPC's target abandonment rate is less than 5%.• Key Takeaway: Abandonment is trending down, which signifies improved call center engagement with callers.• Service Level: Percentage of Calls Answered Within Service Level Threshold Among All Calls Received.<ul style="list-style-type: none">• The State-mandated service level threshold is 60 seconds, and the target service level rate is greater than 80%. DOH-SAPC's target speed to answer a call is less than 60 seconds.• Key Takeaway: SASH consistently meets the state required 60-second service level threshold.

Topic	Discussion/Finding
