United Coalition East (UCEPP) was founded in 1996, to address the problems related to substance use disorder (SUD) in the Central City East area of downtown Los Angeles, commonly known as “skid row.”

UCEPP’s mission is to engage the most vulnerable populations of Central City East to challenge systemic conditions and social disparities that threaten a healthy environment. UCEPP’s priority is to prevent and/or reduce the impact of substance use in the community by using grassroots research, assessment and innovative approaches to inspire social justice and positive change.
